All I wanna do  
Is praise Your name  
From the rising of the sun  
To the going down of the same

You are my God  
And all I wanna do  
Is praise Your name

I praise Your name  
We lift our voices  
And proclaim

You are my God  
And all I wanna do  
Is praise Your name

All I wanna do  
Is praise Your name  
From the rising of the sun  
To the going down of the same

I praise Your name  
We lift our voices  
And proclaim

You are my God  
And all I wanna do  
Is praise Your name

All I wanna do  
Is praise Your name

Praise Your Name

All I wanna do  
Is praise Your name

You are holy  
(You are, You are my God)  
You are righteous

(You are my God)  
I want everything to do  
To bring You glory  
(You are, You are my God)  
You are full of grace and mercy  
(You are my God)

And I  
Will  
Ever praise You

All I wanna do  
Is praise Your name  
From the rising of the sun  
To the going down of the same

You are my God  
And all I wanna do  
Is praise Your name

I praise Your name  
We lift our voices  
And proclaim

You are my God  
And all I wanna do  
Is praise Your name

You are faithful  
(You are, You are my God)  
You are sovereign  
(You are my God)  
Every good thing  
It comes from You, Lord  
(You are, You are my God)  
No one can compare to You  
(You are my God)

And I  
Will  
Ever praise You

All I wanna do  
Is praise Your name  
From the rising of the sun  
To the going down of the same

You are my God  
And all I wanna do  
Is praise Your name

I praise Your name  
We lift our voices  
And proclaim

You are my God  
And all I wanna do  
Is praise Your name

All I wanna do  
Is praise Your name

Praise Your name

All I wanna do  
Is praise Your name

When You give me much  
I will praise You  
When You take away  
I will praise Your name  
With my last breath  
I will praise You  
For all eternity  
I will praise Your name

And I  
Will  
Ever praise You

All I wanna do  
Is praise Your name  
From the rising of the sun  
To the going down of the same

You are my God  
And all I wanna do  
Is praise Your name

I praise Your name  
We lift our voices  
And proclaim

You are my God  
And all I wanna do  
Is praise Your name

And I  
Will  
Ever praise You

All I wanna do

Is praise Your name

And I  
Will  
Ever praise You

All I wanna do  
Is praise Your name

Praise Your name

All I wanna do  
Is praise Your name

Praise Your name

All I wanna do  
Is praise Your name

Praise Your name
