

Go Fish

"See Through"

Visit "[See Through](#)" on MotoLyrics.com

(You can see my tears
Even in the rain
When I'm smiling all the time
You still see my pain
When nothing can be done
You see just what to do
I love the way Your eyes
See through)

The People come
And then they go
They all mean well I know
But surface words
Only penetrate so far

Their curious eyes
Would be surprised
(They'll never truly see inside)
It's hard to tell
What's coming from the heart

But half the time
In a true, blue moon
A welcomed arrow
Comes flying through
The masquerades are gone
(True love can see what's really going on)

You can see my tears
Even in the rain
When I'm smiling all the time
You can still see my pain
When nothing can be done
You see just what to do
I love the way Your eyes...
See through

(The world goes round)
So do I
(Holding on to
This fear inside)

Will I ever get to
Where I dreamed I'd always be?

(Am I doing enough?)
Is there such a thing?
(What a faithless song I sing)
Can anyone sense
This battle within me?

But half the time
In a true blue moon
A welcomed arrow
Comes flying through
The masquerades are gone
(True love can see what's really going on)

You can see my tears
Even in the rain
When I'm smiling all the time
You can still see my pain
When nothing can be done
You see just what to do
I love the way Your eyes...
See through

I love
I love
(The way)
I love
(The way)
Your eyes see through me
(2x)

(You've searched me
And You know me
You know when I sit
And when I rise
You are familiar
With all of my ways
There's something special
About Your eyes
You hem me in behind
Behind and before
You have laid
Your hand upon me
I love the way
Your eyes see through me)

You can see my tears
Even in the rain
When I'm smiling all the time

You still see my pain
When nothing can be done
You see just what to do
I love the way Your eyes...
See through

You can see my tears
Even in the rain
When I'm smiling all the time
You can still see my pain
When nothing can be done
You see just what to do
I love the way Your eyes...

(See through)
