I'm ready to go
Come and take me away
To be with You
It'd be the ultimate gain

I live for You now
Each and every day
Still, I'm ready to go
Come and take me away

Sometimes I feel like Gilligan
(Out here on my island)
When will my ship come in
And take me home to You?
Yeah...

I won't stop giving
(Everything that I can give)
I know some day
You'll come for my rescue

Like a coconut
You'll come dropping in on me
We'll be together
For all eternity

I'm ready to go
Come and take me away
To be with You
It'd be the ultimate gain

I live for You now
Each and every day
Still, I'm ready to go
Come and take me away

This world that I'm living in
(It can get the best of me)
I just won't let it
This earth is not my home, yeah

I'm a roaming alien
(That's not all I'll ever be)
It won't be long
And those trumpets will be blown

And like a space ship
You'll come zooming down for me
We'll be together
For all eternity

I'm ready to go
Come and take me away
To be with You
It'd be the ultimate gain

I live for You now
Each and every day
Still, I'm ready to go
Come and take me away

Jesus, I praise You
For all that You've done
You saved a poor sinner
Like me
(You save a sinner like me)

I'm doing my best
Till the race has been run
When I cross the finish line
I know You'll be...

Waiting there to take me
(To my home up in the sky)
It won't be hard for me
To bid this place good-bye

You're coming back for me
(That's all I need to know)
Just pick me up
Cuz I'm ready to go

I'm ready to go
Come and take me away
To be with You
It'd be the ultimate gain

I live for You now
Each and every day
Still, I'm ready to go
Come and take me away

I'm ready to go
Come and take me away
To be with You
It'd be the ultimate gain

I live for You now
Each and every day
Still, I'm ready to go
Come and take me away
