I was seven years old  
When my daddy said to me  
He said,  
"Son, you can be whatever you want to be"

I knew right away  
What I had to do  
You see rock 'n' roll  
Called my name  
And that's the truth

I like to sing  
I like to dance  
And I like to jump around  
And I like to make you smile  
With that acappella sound

I praise the Lord  
With my hands  
(Clap, clap, clap)  
I praise the Lord  
With my feet  
(Stomp, stomp)  
And the feeling that I get  
When we harmonize  
Well I know it can't be beat

Well I'm older now  
But my feelings are the same  
I love the way I feel  
When I call upon His name

The music is a-rockin'  
And I'm feeling fine  
But Jesus is the reason  
That we're here tonight

I like to sing  
I like to dance  
And I like to jump around  
And I like to make you smile

With that acappella sound

I praise the Lord  
With my hands  
(Clap, clap, clap)  
I praise the Lord  
With my feet  
(Stomp, stomp)  
And the feeling that I get  
When we harmonize  
Well I know it can't be beat

I like to sing, yeah  
I like to dance  
I like to harmonize  
Clap my hands, yeah

I like to sing  
I like to dance  
And I like to jump around  
And I like to rock the house  
With that acappella sound

I praise the Lord  
With my hands  
(Clap, clap, clap)  
I praise the Lord  
With my feet  
(Stomp, stomp)  
And the feeling that I get  
When we harmonize

The feeling that I get  
When we harmonize  
I'm love the way it feels  
When we harmonize...

...Well I know it can't be beat
