I stood  
And watched an eagle glide  
Spread his wings  
And soared across the sky  
So gracefully he flew

Rising effortlessly  
I want to know  
Just how to be free  
(I want to be free)

Tiny fingers  
Curled around mine  
Perfectly formed  
Newborn  
The image of two

Infinite mystery  
I wanted to know  
Where life comes from

What human intellect can sway  
Must be explained away  
Earth wisdom  
Religions of man

Search without interfering  
The Spirit housed within  
Simplicity of God  
Somehow escapes man

I reached  
For the eternal  
Creation He was waiting  
To reveal  
His purpose in me

He said,  
"This is where life begins  
I made your spirit  
To glide on the wind"

Come on  
Let's fly...  
(2x)

On the wind  
(3x)
