I know a guy I met the other day He told me He liked to live his own way

And so I shook my head And I walked away Said, "I'm gonna go home Get on my knees And I'm gonna pray"

For this guy I met the other day He's needs to know It's got to go God's way

Or else this guy I met the other day He's gonna have An awful price to pay

Everywhere you look And everywhere you go There is someone else Who really needs to know

About the love...of God (You know you've got to tell them) About the love...of God

(You've got to tell them Got to tell them About the love)

Cuz He gave His only son It's up to us to tell everyone About the love

(Why don't you... Let me tell you about this girl) I saw this girl
Talking on TV
Wearing next to nothing
Saying, "Why don't you call me?"

Well I turned off this girl Talking on TV I went into my room And I opened up my NIV

I read about this girl
Talking on TV
She needs to know
That there's a better way to be

Or else this girl Talking on TV She's gonna have An awful long eternity

Everywhere you look And everywhere you go There is someone else Who really needs to know

About the love...of God (You know you've got to tell them) About the love...of God

(You've got to tell them Got to tell them About the love)

Cuz He gave His only son It's up to us to tell everyone About the love

(You've got to tell them Oh, you've got to tell them About the love) (7x)

People everywhere are lost They need to be found You've got tell them about the love Cuz that's why we're around (4x)

About the love...of God (You know you've got to tell them) About the love...of God (You've got to tell them Got to tell them About the love)

Cuz He gave His only son It's up to us to tell everyone

About the love...of God (You know you've got to tell them) About the love

On the album "Out of Breath" on the same track:

Well now you heard Go Fish So whatcha gonna do?

Well you heard Go Fish So whatcha gonna do?

You heard us sing
Now the record's out of tunes
So whatcha gonna do?
(Listen to it again)
We're Go Fish
We're Go Fish
