I might not always look but that don't make me blind
An open heart and an honest mind
A world's falling apart what can we do?
Aware of what is wrong we'll see this through

We're not holding back
Speaking our mind

We have to change the way we live
Stop taking more than we give
I know it's hard to do it on your own
Take a look around - you're not alone

We're not holding back
Speaking our mind

Take a stand
Do your part
It may not be much but at least it's a start
