You make me weak, when I need to be strong
Break my defenses, till I can no longer resist
It's always like this
And then I'll cry again, say goodbye again and again.

You make it start, with a touch of your hand
I fall apart, till there's nothing to stand in the way
What ever you say, I'll believe again
Then you'll leave again and again.

How many times, must I go through
this thinking I'm really over you
And how many time, will I open my arms
And let you fall back in.

Oh, time after time, I say I won't give in
Your eyes meet mine, I feel it beginning
And I just don't even try
I just fall again, give it all again and again.

Again and again, again and again...
