(Keller - Shayne)

Almost there, we're almost there.
How wonderful,
Wonderful our love will be, for you for me
We're almost there,
Where we will share a warm caress,
Tenderness, a dream come true, for me for you.
Love has waited, such a long time,
Now we're a kiss apart.
Darling this is the right time to let the kisses start
For you are almost mine
And soon we'll find, a paradise, paradise so rare
Close your eyes for we're almost there

(How wonderful),
(Wonderful our love will be, for you for me)
Yes, your almost mine, and soon,
Soon we'll find a paradise, paradise so rare
Close your eyes, (close your eyes),
Close your eyes, (close your eyes),
Close your eyes and we're almost there
