Around the world I've searched for you
I traveled on when hope was gone to keep a
rendezvous
I knew somewhere sometime somehow
You'd look at me and I would see the smile you're
smiling now
It might have been in county down or in New York in
Gaparee or even London town
No more will I go all around the world for I have found
my world in you
Around the world I've searched for you...
[sax]
Around the world I'm searching for you...
For I have found my world in you
