It's Christmas Eve, and snow is on the ground  
Mistletoe and holly all around  
Yes, all the world is happy, but since you went away  
My Christmas will be just another lonely day  
(Another lonely day)  
Yeah, another lonely day, yeah  
(Another lonely day)

My tree is trimmed with pretty colored lights  
And at the top, the Christmas star shines bright  
Yes, everything around me is very bright and gay  
But Christmas will be just another lonely day  
(Another lonely day)  
Yeah, another lonely day, yeah  
(Another lonely day)

I had a lonely September, October, November, too  
But December is twice as lonely without you

For it will be time for Santa Claus  
And surely he will bring you back, because  
Without you here beside me, my world will be so gray  
And Christmas will be just another lonely day  
(Another lonely day)  
Yeah, another lonely day, yeah  
(Another lonely day)

Another lonely day, yeah  
(Another lonely day)  
Another lonely day, yeah  
(Another lonely day)
