"How Much Love"

Visit "[How Much Love](#)" on MotoLyrics.com

How much love do you need,
Before you give yourself to me
How much time does it take,
How much love for heaven sakes
How much love do you need
Before you give yourself to me
Should I come on fast, come on slow
Tell me now cause I gotta know!

How much love, how much love
Do I walk right in or do I hesitate
How much love, how much love, how much love.

How much love do you need
Before you give yourself to me
How much time does it take,
How much love for heaven sake.

How much love, how much love
Do I walk right in or do I hesitate
How much love, how much love, how much love.

I got so much loving I don't know where to begin
And I'm begging ya baby, let me in- YEAH!
How much love, how much love, how much love
I got so much love I don't know where to begin
So I'm begging ya baby let me in, oh.

How much love do you need,
Before you give yourself to me
How much time will it take,
How much love for heaven sake.

How much love, how much love
Do I walk right in or do I hesitate
How much love, how much love, how much love.

How much love my baby, how much love my baby,
How much love...
