(Beth Nielsen Chapman)

If it were easy to say
You'd know by now what I feel for you
Each word would fall so perfectly
I know that's how love's supposed to be
But once love makes a fool of you
Falling in love isn't so easy to do.

Darling, if words were enough
I'd make you promise me all of your love
And I'd believe with all my heart
Nothing could keep us apart
But once love makes a fool of you
Falling in love isn't so easy to do.

I've felt the hurt, I know the pain
When love turns out to be a game
It's hard to know
The one you love is untrue
Once love makes a fool of you
Falling in love, falling in love
Falling in love isn't so easy to do...
