One Rainy Night In Tokyo  
One lonely boy no place to go  
One lovely girl rain drops in hair  
Two people meet they make a pair.

It never fails to happen here  
It needs no special time of year  
And when he says, I love you  
There's little else you can do  
One Rainy Night In Tokyo  
Mhm, oh yes.

It never fails to happen here  
It needs no special time of year  
And when he says, I love you  
There's little else you can do  
One Rainy Night In Tokyo  
Mhm, oh yes...
