(Bill Anderson)

Still, though you broke my heart  
Still, though we're far apart  
I love you still  
Still, after all this time  
Still, your still on my mind  
I love you still

I've lost count of the hours.  
I've lost track of the days.  
In fact, I've lost just about everything since you've went  
away  
Everything that is except the memories you left me.  
That's one thing that no one can mar.  
I don't know who your with,  
I don't even know where you've gone.  
My only hope that someday you might hear me sing  
this song,  
And you'll know that it's especially for you.  
Cause I love you no matter where you are.

Still, though you broke my heart  
Still, though we're far apart  
I love you still  
Still, after all this time  
Still, your still on my mind  
And I, I love you still

My friends think I'm crazy, and maybe I am  
But, I've carried this torch just as long as I can  
But someday, you just might decide to come home  
I want you to know, I'm still here

Still, after all this time  
Still, your still on my mind  
And I, I love you still
