(M.Tillis / W.Walker)

Well, now that the tables are turning,
Upside down
Your gonna need someone,
But I won't be around
You'll know how it feels to be lonely
With memories to burn
With your world full of heartaches,
Where will you turn

Your gonna cry, cry, cry.
Your gonna walk the floor
Your gonna hurt, hurt, hurt,
Then hurt a little more

Well, now that the tables are turning,
Your gonna see
All of the heartaches and sorrow,
You gave to me

Your gonna cry, cry, cry.
Your gonna walk the floor
Your gonna hurt, hurt, hurt,
Then hurt a little more

Well, now that the table are turning,
Your gonna see
All of the heartaches and sorrow
You gave to me
