(Fred Burch - Gerald Nelson)

When it storms, gone the sun
Run the stars, my dark has come
You've gone from me
What a oh, oh tragedy.

Oh, come back, have me here
Hold me love, be sincere
You've gone from me
What a oh, oh tragedy.

Like smoke from a cloud
If love, what. oh, oh
Our dreams have all gone
Above, what ah, oh, oh.

Kiss by the stove
All that's left is the dark below
You've gone from me
What a, oh, oh tragedy

What a, oh, oh tragedy...
