(Al Stillman - Arthur Altman - Dalibor Basler)

Truly, truly, truly, true
Do I love you, truly I do
Do you love, me wish I knew
Do you love me, truly true?

Truly the question's been
Vogue from the start
You have the answer
Somewhere in your heart.

My true heaven
Will come in view
If you're sorry that you love me
Truly, truly, true.

--- Instrumental ---

(Truly love me, truly true.)

Truly the question's been
Vogue from the start
You have the answer
Somewhere in your heart.

My true heaven
Will come in view
If you're sorry that you love me
Truly, truly, true...
