(R. Friedman)

Who's peaking out from under a stairway,
Called by a name that's lighter than air
Who's bending down to give me a rainbow
Everyone knows that it's Windy

Who's tripping down the streets of the city,
Smiling at everybody he sees
Who's reaching out to capture a moment
Everyone knows it's Windy

And Windy has stormy eyes
That flash at the sound of lies
And Windy has wings to fly
Up above the clouds, above the clouds

And Windy has stormy eyes
That flash at the sound of lies
And Windy has wings to fly
Up above the clouds, above the clouds

Who's tripping down the streets of the city
Smiling at everybody he sees
Who's reaching out to capture a moment
Everyone knows its Windy

Who's reaching out to capture a moment
Everyone knows it's Windy

Who's reaching out to capture a moment
Everyone knows it's Windy
