Emily don't you cry tonight
I know you lied despite
You know you're wanted but can't quite go
It's not the same as you thought it would be
But Emily please

With every line that you whispered slow
I'll leave this pain below
How many years ago?
And every glance that you gave to him
The stories worn so thin, oh girl
Emily, Emily

Listen girl can we agree polite
You're feeding words, recite
You know I love you, but have to go
Summer ends, and I don't see you again
Emily see

Don't sit there spilling broken words
Of plans I never heard
Wish we could just defer, we're
Draining hours, from our arms embrace
You fake your own heartbreak, oh girl
Emily, Emily

Pause a step, because your hearts caught
I wanna scream but I'm too choked up
This is insane, it just can't be
Oh, where'd you go my Emily?

Emily try not to sleep tonight
Dreams won't be sweet, contrite
You know you're wanted, but can't let go
Your smile changed from the way it should be
When it was just me

Melodies that we'd play all night
When in my car we'd ride
Chasing our sunrise
Just confess that it's not only me
No faith in memories, oh no

Pause a step, because your hearts caught
I wanna scream but I'm too choked up
This is insane, it just can't be
Oh, where'd you go my Emily?
Pause a step, because your hearts caught
I wanna scream but I'm too choked up
This is insane, it just can't be
Oh, where'd you go my Emily?

Emily
Lied, you said, you know you lied
Wanted, you're wanted, go
All that we wanted to say, lied
So Emily don't you cry tonight
I know you lied despite
You know you're wanted, but can't quite go
