You're feeling weak at the

You're feeling weak at the knees
And begging me please
Pulling on my coat tails
Since you tore up the heart
That I wore on my sleeve
Jealousy's a disease
And it looks bad girl
Kindly step back from me

Regretting your ground
You're words stepped there
Now you say it's not fair

One, two
Step in like you wanted to
Tell me what you wanna do
Tell me what you wanna
One drug
Whispers that I won't give in
Now you're craving
Girl let's call it good

Now can we give this a rest
If you haven't guessed
I've moved on from then
It feels so good to press
And get this off of my chest
Don't think to regress
A girl like you is so hard to impress

Regretting your ground
You're words stepped there
Now you scream it's not fair

One, two
Step in like you wanted to
Tell me what you wanna do
Tell me what you wanna
One drug
Whispers that I won't give in

Now you're craving
Girl let's call it good

I distrust your distress
I suggest your wrongs are wrong
Now move along girl
I distrust your distress
I suggest your wrongs are wrong
Now move along girl

One, two
Step in like you wanted to
Tell me what you wanna do
Tell me what you wanna
One drug
Whispers that I won't give in
Now you're craving
Girl let's call it good
