And don't go to bed yet, love,
I think it's too early,
And we just need a little time to ourselves.

If my wall clock tells me that it's four
In the morning,
I'll give it hell.

'Cause I've been trying way too long,
To try and be the perfect song,
When our hearts are heavy burdens,
We shouldn't have to bear alone.

So goodnight moon,
And goodnight you,
When you're all that I think about.
All that I dream about.
How'd I ever breathe without...

A goodnight kiss
From goodnight you,
The kind of hope they all talk about.
The kind of feeling we sing about.
Sit in our bedroom and read aloud,
Like a passage from goodnight moon...

And sing for me softly, love,
Your song for tomorrow
And tell me my name's the one sitting in there
somewhere

And dream for me anything, but dream
It in color about
We know the sun's still rising but we don't care

'Cause I've been trying way too long,
To try and be the perfect song,
When our hearts are heavy burdens,
We shouldn't have to bear alone.

So goodnight you,
And goodnight moon,

When you're all that I think about.
All that I dream about.
How'd I ever breathe without...

A goodnight kiss
From goodnight you,
The kind of hope they all talk about.
The kind of feelings we sing about.
Sit in our bedrooms and read aloud,
Like a passage from goodnight moon...

From goodnight moon...

Then there you were,
And I saw my Juliet come graceful down the stairs.
It's hard to miss,
The way her eyes light up the room,
And steal the air.

Just feel her lips,
Lock on to every breath I take;
Can't breathe it in.

Do you feel us falling?

'Cause I feel us falling...

So goodnight moon,
And goodnight you,
When you're all that I think about.
All that I dream about.
How'd I ever breathe without...

A goodnight kiss
From goodnight you,
The kind of hope they all talk about.
The kind of feeling we sing about.
Sit in our bedrooms and read aloud,
Like a passage from goodnight moon...

Oh, from goodnight moon....

And there you were,
And I saw my Juliet come graceful down the stairs.
It's hard to miss,
The way her eyes light up the room,
And steal the air.

Do you feel us falling?
'Cause I can feel us falling...

Do you feel us falling?
'Cause I can feel us falling...

Do you feel us falling?
'Cause I can feel us falling...

Do you feel us falling?
'Cause I can feel us falling...

Do you feel us falling?
'Cause I can feel us falling...

Do you feel us falling?
'Cause I can feel us falling...

Do you feel us falling?
Oh, oh, oh, oh, oh, oh...
