I hear you say the sun is setting and it's time to find  
belief  
In something other than a heart that seems to dangle  
from a string  
We've strung on this piano  
Who knows just where the chords will go

How do I find a piece of faith in passing faces on the  
street  
Forever asking where I'm going to the strangers that I  
meet  
And we just stop and hold sustain  
Stay here and breathe  
Sustain

I got scared  
Can't seem to find it either here or there  
Did I lose my rhythm now  
Am I lost  
Am I found

When did the words all start to blur  
And make the point too hard to see  
You know the writing on the walls  
In every place we had to be  
I'd like to say we made a change  
In how the songs were sang  
So if I'm going to break down  
I'll do it for all of us

And I got scared  
Can't seem to find it either here or there  
Did I lose my rhythm now  
Am I lost  
Am I found

And I got scared  
Can't seem to find it either here or there  
Guess I got caught in all the sounds  
Am I lost  
Am I found

I got scared  
Can't seem to find it either here or there  
Did I lose my rhythm now  
Am I lost  
Am I found  
And I got scared  
Can't seem to find it either here or there  
Guess I got caught in all the sounds  
Am I lost  
Am I found
