And how does it feel to be the name that's on the page
to know that you joined the ranks, of all the people I hate.
And how does it feel to be the one that's center stage
to know that you're just the face that started this horrible game.

I hear you saying that it hurts so much;
you never really thought it through.
I'm tying nooses and you know this one's for you.

Well this is my song (saying thanks for nothing)
and these are my hopes (hope they're getting you something)
and that was my world (thank God I forgot it)
and that was my girl, and she was the best one.
You were a friend (to a point of a brother)
and we had a dream (that we would build on each other)
the moment was gone (but this flame is forgotten)
and that was my girl, and she was the best one in the world.

And how does it feel to know you live your life afraid
to know that you choke on shame for all of the lies that you'll say.
How it's up to the kiss, let's all hear it when I repeat
lets go back to this night and see
just how many drinks that it took for you to forgive me.

I hear you saying that it hurts so much;
you never really thought it through.
I'm tying nooses and you know this one's for you.

world.

Oh my god, in the world

I hear you saying that it hurts so much;
you never really thought it through.
I'm tying nooses and you know this one's for you.

And this is my song, saying thanks for nothing
and these are my hopes, hope they gave you
something
and that was my world, thank God I forgot it
and that was my girl and she was the best one.
