Just a list of things I'd do if I could fly.  
Oh I would fly straight to the moon.  
To bring the sands back here to you.  
And we'd make castles where we'd spend our days.  
And rooms that last eternities.  
And perfect cracks get fixed with ease.  
And if it falls apart faster than we had planned.  
We'll plan for something else.  
Doesn't matter if it's raining or it's dark.  
You'll be my something else.  
The only else cared for, you are.

And if I prayed for one more thing it would be time.  
Just a second I could pause.  
Just one more minute at exhaust.  
Cause on the list of everything I need.  
There's air, but first there's you and me.  
There's love, and love your everything.  
Cause I've had dreams where we collected.  
All the clocks and put them all to bed.  
Because here inside this moment there is us.  
There need be nothing else.  
This is something I've wished for.

If I had to walk the earth a thousand times.  
I'd do it 'cause I love you.  
Because if you said I had to.  
I would know it to be true.  
And I would spend every night under the stars.  
To memorize the patterns.  
Both our heartbeats would make.  
It might stop me from shaking.  
And the truth is.  
I'd be shameless.  
And I'd be grateful.  
For this one chance.  
For our first dance.  
And you are, you are, you are, you are, you are the  
one.

(da di da, da di da da da.

da di da, da da da.  
da di da, da di da da da.  
da di da, da da da.  
da di da, da di da da da.  
da di da, da da da.  
da di da, da di da da da.  
da di da, da da da.)

If I had to walk the earth a thousand times.  
I'd do it 'cause I love you.  
Because if you said I had to.  
I would know it to be true.  
And I would spend every night under the stars.  
To memorize the patterns.  
Both our heartbeats would make.  
It might stop me from shaking.  
And the truth is.
