Face to face, my reflection in your eyes
I was scared to say too much
Perfect strangers in perfect worlds apart
Almost close enough to touch

Staring at my shoes
Feeling so confused
Shot down without a gun
Victim of a hit and run, won't you

Call me, call me
No time to hesitate
Oh, we must communicate, yeah
Call me, call me
Won't you call this number now?

Mesmerized
I go back to where we met
A reconstruction of the crime

I can't track you down
Nowhere to be found
Now my one shot at success
Is the power of the press, won't you

Call me, call me
No time to hesitate
Oh, we must communicate, yeah yeah
Call me, call me
Won't you call this number now?

Call me
I want you to call me
Call, call, call me
Worlds apart
We are worlds apart

Watch this space
There's a message here for you
No need to read between the lines

I am inside out

There can be no doubt
I want you and no-one else
Please identify yourself

Call me, call me
No time to hesitate
Oh, we must communicate, yeah
Call me, call me
Won't you call this number now?

Call me, call me
I'll be waiting here for you
I don't know what else to do
Call me, call me
Girl, won't you call this number now?
Girl, won't you call me?

Call me, call me
No time to hesitate
Oh, we must communicate
Call me, call me
Won't you call this number now?
