

## Go West "S.O.S"

Visit "[S.O.S](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Watching your window  
Across the street we share  
Eyes on your shadow  
You are unaware, unaware

Picture a stranger  
Footsteps in gabardine  
You sense the danger  
Something unforeseen  
Burning fires on your shore  
Never opened any door

I'm wasting my time  
You don't hear my S.O.S.  
The perfect crime  
To answer your S.O.S.

Leave you in silence  
Change my identity  
Second appearance  
I will set you free  
Burning fires on your shore  
Never opened any door

Watching your window  
Across the street we share  
Eyes on your shadow  
You are unaware  
Burning fires on your shore  
Never opened any door
