It rains for days  
So you stay inside and lock your door  
Cryin' all the time  
Crying for, you don't know what for

You say, you're undone by his kiss  
But don't you think  
That for once in your life  
It should be like this?

Your hands are tired  
Your eyes are blue

I'm keepin' you right here  
Right here, right here  
Right here, right here  
Whatever I have is yours  
And it's right here

Climb aboard my pony  
Now, you've been thrown  
Get back in the saddle  
And let it be known

That you're made of steel  
But don't you think that  
For once in your life  
He should be made to feel?

Your hands are tired  
Your eyes are blue

I'm keepin' you right here  
Right here, right here  
Right here, right here  
Whatever I have is yours  
And it's right here

I know you're 32 but you look 55  
You walk around  
With your eyes wide open  
But you're barely alive

You say, you've lost your touch  
But don't you think  
That for once in your life  
He could walk without a crutch?

Your hands are tired  
Your eyes are blue

I'm keepin' you right here  
Right here, right here  
Right here, right here  
Whatever I have is yours  
And it's right here

Right here  
Right here, right here  
Right here, right here  
Whatever I have is yours  
And it's right here
