

## Go-Go's "I Think It's Me"

(Charlotte Caffey/Belinda Carlisle)

Can't take anymore

My head's spinning 'round

Goin' back and forth

Goin' up and down

CHORUS

Don't know where I stand

Someone always loves a little more

And I think it's me

Sometimes I think you care

And then you don't

Then I think you will

And then you won't

CHORUS

Wonderin' why I feel this way

Could it be something that you said

Or is it just some daydream

When I think of you and me

Then I see you pass me by

With that certain look in your eye

Now I'm back where I began

Not knowin' where I stand-I think it's me

Go ahead now

Take a chance

Don't worry 'bout losin' another romance

CHORUS
