

Go-Go's "You Thought"

Visit "[You Thought](#)" on MotoLyrics.com

I can't seem to stop the music All those familiar sounds
My thoughts cut in on partners Dancin' in their empty
arms Tangled up in the lives of others Don't you stop to
wonder That don't make any sense Their sins are
innocent Lost looks in the eyes of lovers What's goin'
wrong Has come and gone When everything you've
ever loved You thought and never told me You thought
but that won't hold me Held in a heart now broken
Situations all invented A million in your head So much
was left unspoken How come you keep repeating Each
word you ever said You thought and never questioned
You thought and kept me guessing Too much was left
unspoken You thought a bit too late this time
