Standin' in this doorway here tonight,
My finger's freezin' to the bone,
Angry voices shout, shout, shout,
All distant and hollow,
Traffic's and cracks in the pavement,
Etched to yesterday, forever,
But I don't mind at all, all

It's so cold I see every breath,
From the one light, outta the darkness,
Catches me like a silhouette,
As I'm here just thinkin' of you

Underneath the flickering blue light,
I don't wanna be this cold tonight,
But I'm warm inside cause I'm waiting for you,
Underneath the flickering blue light,
Looking at a grey and concrete sky,
But I'm warm inside cause I'm waiting for you

We said we'd meet down in the tube station,
But that closed an hour ago,
I'm cold, alone but I'm content,
Cause you'll be here I know,
My shadow keeps me, company,
While everything so bleak and hopeless,
But I don't mind at all, all

It's so cold I see every breath,
From the one light, outta the darkness,
Catches me like a silhouette,
As I'm here just thinkin' of you

Underneath the flickering blue light,
I don't wanna be this cold tonight,
but I'm warm inside cause I'm waiting for you,
Underneath the flickering blue light,
Looking at a grey and concrete sky,
But I'm warm inside cause I'm waiting for you

There's no faces around in this people-less crowd,

Just the sound of loneliness, waiting for you,
Seems I'm in a place that time has forgot,
That time's forgot
That time's forgot
That time's forgot
That time's forgot...

Underneath the flickering blue light,
I don't wanna be this cold tonight,
But I'm warm inside cause I'm waiting for you,
Underneath the flickering blue light,
Looking at a grey and concrete sky,
But I'm warm inside cause I'm waiting for you
Waiting for you

Waiting for you

I'm waiting for... oh ohohohohohohooo
