I know sometimes I push you  
Say all that I do  
See if you'll still stay.  
I like to have my way.  
If I took you for granted  
Just know, I never meant it  
I try to be thoughtful, and make sure my heart's pure

### CHORUS

Good love is hard to hold  
That's why I'm squeezing tight

Sometimes I don't feel you,  
You don't feel me,  
We're distant,  
We need space,  
But I'm coming back for you  
'cause you're my true blue.  
You're a Capricorn, I'm Cancer,  
And sometimes we can't relate,  
But we meet at the center  
That's where love is tender  
You're my first phone call,  
My best friend,  
You could never be replaced.  
If I'm not there beside you-  
I'm just a hop, skip, a jump away  
I question everything  
It's 10 years and I still can't get it straight  
Just know that I love you  
Always thinking of you

### CHORUS

Good love is hard to hold  
That's why I'm squeezing tight  
Good love is hard to hold  
That's why I'm squeezing tight

I love that you're so truthful,  
So willing to work it through,  
You love so brave.

My passion is your flame.  
I don't want you to change.  
You kiss me softly under covers  
And you never make me beg  
And you even say 'thank you',  
And 'sorry' when you're rude

I love you today  
In the purest way  
I love you today  
In the purest way

Never, never  
Never, never  
Never been so sure before now  
Never been so sure before,  
Don't think I could ask for more  
Never been so pure

I love you today  
In the purest way  
I love you today  
In the purest way
