Wake, I know a place where we can go,  
A place where no one else will know,  
There's something that I just can't help,  
Yeah, me and you tonight,  
I sit and hold my breath,  
I hang on every word you say,  
But you don't seem to know,

Whispering away,  
We laugh and just to hear your voice,  
It makes me wonder why,  
Why we're still here,  
Listen as the moment passed,  
Or can I hear it,  
When we go,

Don't turn away,  
This isn't Hollywood,  
But this is where you turn and kiss me,  
Don't turn away,  
This isn't Hollywood,  
But this is where you turn and kiss me,

I said it more than twice,  
As I look into your eyes,  
The days are long, the nights belong,  
To only you and I,  
And hold my hand tight,  
Come with me,  
I said I know, a place to go,  
You gotta trust me,

Every now and then,  
I'm haunted by the same things,  
What I could have done,  
And how I could have changed things,  
Standing here before you,  
Makes me wanna hold you,  
And not let go,

Don't turn away,  
This isn't Hollywood,

But this is where you turn and kiss me,  
Don't turn away,  
This isn't Hollywood,  
But this is where you turn and kiss me,

Now I don't,  
Know if this is right, or wrong,

Don't turn away,  
This isn't Hollywood,  
But this is where you turn and kiss me,

Don't turn away,  
This isn't Hollywood,  
But this is where you turn and kiss me,  
Don't turn away,  
This isn't Hollywood,  
But this is where you turn and kiss me.
