It's been two weeks since I heard your voice,  
But it echoes in my mind,  
Your lipstick mark still on my cup,  
That you left behind,

Maybe it's me or can you feel this,  
It's killing me just to know,  
I'm telling you now, please be straight with me,  
And don't say I told you so,

Strangest feelings,  
Words can't say these,  
I'm so restricted,

I wish I knew - why?,  
Just let me know now, if I'm wrong or right,  
Don't lie, 'cause I know that's what you do,  
Common I don't - mind,  
Tell me what you really want to say,  
A sign, tell the truth, just what you mean,  
I wish I knew,

The greatest actor can't conceal the way they feel  
inside,  
It's written on your face so clear,  
Like smiles and tears intertwined,

Looking back to when I kissed you,  
I opened up my eyes,  
Nothing compared to the way I felt with you there that  
night,

Strangest feelings,  
Words can't say these,  
I'm so restricted,

Why?,  
Just let me know now, if I'm wrong or right,  
Don't lie, 'cause I know that's what you do,  
Common I don't - mind,  
Tell me what you really want to say,  
A sign, tell the truth, just what you mean,

I'm sorry but it's true,  
I didn't know anything about it, it's not too late,  
To work it through, with you, just me and you,  
I wish I knew - why?,  
Just let me know now, if I'm wrong or right,  
Don't lie, 'cause I know that's what you do,

I wish I knew - why?,  
Just let me know now, if I'm wrong or right,  
Don't lie, 'cause I know that's what you do,  
Common I don't - mind,  
Tell me what you really want to say,  
A sign, tell the truth, just what you mean,  
I wish I knew.
