When I was young  
I used to think  
Whatever happens  
Is meant to be  
You don't believe that  
I wait around all day for you  
You didn't show and then I knew  
You were leaving

Wait around  
There's something that I gotta tell ya  
You won't have long to wait

You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why  
You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why

What if I just count to ten  
Close my eyes and open them  
Would you be here?  
This is all so strange to me  
My mouth has tried to hard to speak  
But you don't see that  
But you don't see that (but you don't see that)

Wait around  
There's something that I gotta tell ya  
You won't have long to wait

You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why  
You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
That's why I'm here tonight

But you sit and watch me lye  
As I think of what to say  
Try to make sense of it all  
Yeah

You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why  
You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why  
You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why  
You don't have to listen  
You don't have to say goodbye  
You don't have to leave here  
Give me one reason why  
(Give me one reason why)
