(Goapele)

One day alone, sometimes it suites me.
When that day is through, I'm hoping you'll walk in.
I just miss you.
I'll be ok, but it's better when I'm with you

My cornerstone, you're who I go to,
Love that you've shown doesn't compare to any I've
known.
You're the exception, treasure (treasure)

My patient love
Forever enduring you (you)
Sweet enduring

Oh you, you
Oh you you you
You

(Dwele)

Unplug the phone.
No more disturbing the time alone.
It's always a journey.
All that I ask of you is to stay past the pain for the
pleasure (pleasure).
Its been too long, come let me hold you.
Temptation's strong, it's what we go through.
Outlast the storm, a new day is born in the shadows of
our love.

(Both)

One look at you, you see right through me
You know my moods, know what I'm thinking
Feel what I'm feeling 'cause your my best friend true

Oh you, you
Oh you you you, (you)

Hey

One look at you, you see right through me (you see)

You know my moods, know what I'm thinking
Feel what I'm feeling 'cause your my best friend true
(true)

You ooo oo ooo (you see through me)
True ooo oo ooo
You see through me (yeah), you see through me (you
do)
Oh you (you)
Oh you you you (you)
Ooh you (Lord I feel you)
You, oh you you you (you you)

Mmmmm...
