“Fly Away”

(Chorus)

For you...I'd leave...I'd fly away...

For you...I'd leave...I'd fly away...

(Verse 1)

Every night before I sleep I try to find you in my window

But you're so very far away...

I know everyone can see you...

But I look at you different... sometimes I'd wish you
shine for me...

(oh I)

I can't feel you... ..

I can't touch you... ..

It's not the same without you... ..

My world won't spin without you...

When I see you... you'll know what I'll do... ..

Just got a right to have you...

I'll always have to share you...

(CHORUS)

(Verse 2)

The sun won't set until you come I wish I could be the
one...

You call in like the tide for the sea.

You disappear I wonder why

And I can't wait til day is night

It's not the same when you're not here...

(Oh I Part)

(Chorus)

And now the sun has set, and the stars are almost
shining,

All day I sit and wait for the moon.

**the words in parenthesis I wasn't sure of. If anyone
can figure them out please let me know. Thanks and

enjoy!
