I know sometimes I push you
Say all that I do
See if you'll still stay.
I like to have my way.
If I took you for granted
Just know, I never meant it
I try to be thoughtful, and make sure my heart's pure

CHORUS

Good love is hard to hold
That's why I'm squeezing tight

Sometimes I don't feel you,
You don't feel me,
We're distant,
We need space,
But I'm coming back for you
'cause you're my true blue.
You're a Capricorn, I'm Cancer,
And sometimes we can't relate,
But we meet at the center
That's where love is tender
You're my first phone call,
My best friend,
You could never be replaced.
If I'm not there beside you-
I'm just a hop, skip, a jump away
I question everything
It's 10 years and I still can't get it straight
Just know that I love you
Always thinking of you

CHORUS

Good love is hard to hold
That's why I'm squeezing tight
Good love is hard to hold
That's why I'm squeezing tight

I love that you're so truthful,
So willing to work it through,
You love so brave.
My passion is your flame.

I don't want you to change.
You kiss me softly under covers
And you never make me beg
And you even say 'thank you',
And 'sorry' when you're rude

I love you today
In the purest way
I love you today
In the purest way

Never, never
Never, never
Never been so sure before now
Never been so sure before,
Don't think I could ask for more
Never been so pure

I love you today
In the purest way
I love you today
In the purest way
