Something's not right  
I'm overcome with fear  
Should've stayed home tonight  
We've got to get out of here

Feel like taking you home  
Feel like being alone  
Feel like taking you home  
Just wanna be left alone

I tried not to make waves  
I tried to go with the flow  
And I've been hiding in caves  
The only life I know

Feel like taking you home now  
Feel like being alone now  
Feel like taking you home  
Just wanna be left alone now

And my heart's beating fast  
But reaction's slow  
Just how long it will last?  
There's really no way to know

So tell me something that matters  
And show me someone who cares  
'Cause when it finally shatters  
I'll be climbing the stairs

Feel like taking you home now  
Feel like being alone now  
Don't wanna pick up the phone now  
Just wanna be left alone now  
I just wanna go home now

I keep in constant motion  
I can't stop what I'm feeling  
And like a shark in the ocean  
I just got to keep swimming

Darling, here comes trouble

Darling, here comes the curse  
I'm buried under the rubble  
And it only gets worse

Feel like taking you home now  
Feel like being alone  
Don't wanna pick up the phone now  
Just wanna be left alone

Feel like taking you home now  
Feel like taking you home  
Feel like taking you home now  
Feel like taking you home
