Any clown can make her laugh.  
We know that.  
Not any clown knows how  
to make a good thing last.  
And it's, ohh, ooohhooaaa  
it's right there within reach.  
But you're blind. Ooohhooaaa.  
And it's oh so very hard to find.  
And it's killing you.  
You're starting to get attached.  
What are you gonna do?  
Now that you've met your ....  
now you've met your match?  
Any fool can do the math  
and see that  
she's gotten into you.  
She's not letting go so fast.  
She's, ohh, ooohhooaaa  
well, she's not someone  
you can push around.  
Ooohhooaaa.  
And she'll get you  
to let your guard down.  
And it's killing you.  
You're starting to get attached.  
What are you gonna do?  
Now that you've met your ....  
now you've met your match?  
Now you've met your match?  
Now you've met your match?  
She's right there within reach  
but you're blind.  
She's oh so rare and hard ...  
And it's killing you.  
You're starting to get attached.  
What are you gonna do?  
Now that you've met your ....  
now you've met your match?
