I left my happy home  
I took off down the road  
I tried to hold my tongue  
I've never felt so dumb

There's only so much I can take  
When you point out my every mistake  
And you show me up now so everyone can see  
You make a fool out of me

I had the strangest dream  
I tried but could not scream  
Nobody seemed to care  
And I'm sure that you were there

What I believe to be true  
Whatever my point of view  
You prove me wrong and you'll disagree  
And you'll make a fool out of me

I took the long way home  
I needed time alone  
And I breathed the evening air  
And I wished that you were there

And how should I take what you say  
When you'll just explain it all away  
You'll pull the rug out from under my feet  
And you'll make a fool out of me

You make a fool out of me  
You make a fool out of me  
You make a fool out of me  
You make a fool out of me  
You make a fool out of me  
You make a fool out of me
