Wake Up!  
Eternal Champion  
The One who's known by thousand names  
Wake Up!  
Time to prepare  
To sail the endless Sea of Fate  
Again...  
(Scream)  
Midnight, I'm lying in bed but I'm screaming  
Although I'm still caught in what seems like a dream  
Shadowy faces are constantly whispering in tongues  
I recall from past lives and they're beckoning to me  
The visions, the names, oh they are so familiar  
I'm eternally doomed to remember them all  
Somewhere in this intricate web of dimensions  
Someone longs for a Hero to answer his call  
Oh no! My feverish shouts of defiance  
Echo unheard in the maelstrom of fate  
My body and soul lie battered and broken  
On this Wheel of Rebirth to which I am strapped  
Once more I'm drifting away into the Unknown  
To reincarnate into mind, flesh and bone  
Once more to recover four artefacts needed  
The Runestaff, the Chalice, the Sword and the  
Stone

[Bridge:]  
Eternal battle  
Of Law and Chaos  
The Cosmic Balance hangs awry  
I'm doomed to stand  
Between the Powers  
Shout my defiance to the sky  
A lonesome Champion  
Trapped in Infinity  
Within the Multiverse I roam  
I am the one  
Who's bound to wield  
Staff and Chalice, Sword and Stone

[Chorus:]  
A Staff of Runes

Axis of Fire  
The Grail of Law  
Unveils the Liar  
Black Sword of Chaos  
Fierce Storm it brings  
An earthen Gem  
The Stone of Kings  
A host of Chaos rises  
Tightening it's grip across the planes  
Forces of Law in dire retreat  
Helpless to watch as Balance wanes  
The Eldritch and the race of Man  
Are moved as pawns in a cosmic game  
By powers born out of their dreams  
But for a dream no one can be blamed  
And just a single champion  
Is summoned forth to fight what futile seems  
To battle ancient gods and show  
That they are just a dream within a dream  
I toppled the towers of Londra  
Under a dying sun I fought on icy plains  
As Mankinds designated hero  
I utilized Eldritch powers to vanquish my own race  
As the Pale Prince of the Ruins  
I stood on Melnibonã½s raped and ravaged shores  
NO!

[Bridge:]  
Eternal battle  
Of Law and Chaos  
The Cosmic Balance hangs awry  
I'm doomed to stand  
Between the Powers  
Shout my defiance to the sky  
A lonesome Champion  
Trapped in Infinity  
Within the Multiverse I roam  
I am the one  
Who's bound to wield  
Staff and Chalice, Sword and Stone

[Chorus:]  
A Staff of Runes  
Axis of Fire  
The Grail of Law  
Unveils the Liar  
Black Sword of Chaos  
Fierce Storm it brings  
An earthen Gem  
The Stone of Kings  
Don't she'd a tear

But Love isn't eternal  
Nor Forces of Light  
Or Powers Infernal  
Just four Watchtowers remain  
And one hero to unify all  
A Staff and a Chalice, a Sword and a Stone  
Eternally remain when all else is gone  
Dreams, emotions and gods  
Eventually will die  
But Fire, Earth, Wind and Sea  
Are the essence of infinity
