King of the north and south, the universe is mine

I bear the torch that glows in darkness, I am the astral plane

I am All, I unify what's torn apart

I am the semen, I'm the seed

I am the beacon to your heart

I was known by many names throughout the realms of man

From the scorched sands of Egypt

To the green and lustrous glades of Pan

I am the Horned God, the first and last in line

I am the hand that rocks the cradle since the first days of mankind

[Bridge:]

Lay down your pride and join the coven

All hail to the Sabbatic Goat

Curved are his horns, his hooves are cloven

All praise to the Sabbatic Goat

His age is wisdom, but wild his temper

Bow to the Sabbatic Goat

May be this night a night to remember

In the gaze of the Sabbatic Goat

[Refrain:]

Blessed Be

All air and fire

Blessed Be

Lust and desire

Blessed Be

All things that grow

As above, so below

I roam the Wildwoods, Cernunnos is my name

I am the beast in man, raw energy which can't be
tamed

Virile and lustful, I renew what dormant lies

I cast the spear of searing fire breaking through the
clouded skies

[Bridge]

[Refrain]

Blessed Be the great Sabbatic Goat
