Walking into the church
People still so absurd
To listen a holy man at the shrine

A true friend of children
Enlightened by the untruth
All the people know
But they do not wanna see

Serpent among the parish
Ravisher of the goddess
Preacher molester
A true friend of children

Horny arrogance dressed by the white truth
His body and his blood
Given to you to be choked

Let the children come to me
I am the light
Dead but still arrogant
Haunting free spirit

Lurking behind the shrine
The snake of our time
Preacher Molester
Ravisher of the goddess

Drink the wine
Drink the wine
You madman
Get drunk by the innocent blood
Shedded for you

You blind you deaf
Can't you see?
Can't you hear?
Screams from the chapel
He is rejoicing with your child
