

Goatlord "Acid Orgy"

Visit "[Acid Orgy](#)" on MotoLyrics.com

Forget the nights of Revelation
Now it's time, sweet sensation
Indulge in this wild libido
LSD floods your veins

[chorus]
Acid orgy
Acid orgy
Acid orgy
Join the acid orgy

Inner thoughts of sexual lust
A trip beyond all reality
Intertwined throbbing mass
Sweating flesh comes together

[repeat chorus]

Intravenous, pollution of blood
Hallucinations fill your vision
Voyeur in you has come forward
Drink the blood of your partner

[repeat chorus]
