Blood Monk come to my throne  
Evil reels inside your mind  
Your life is filled with Pagan worship  
Vultures circle around the Black Pool  
Dancing in the ritual  
Spilling the warm blood of a lamb  
Forgotten lies of Jesus Christ  
Your soul is turning black...black

[Chorus]

The black shrine is hidden  
In a cave of stinking moss  
Blood Monk is kneeling  
At his black altar  
He lights the kindling fire  
And chants so silently  
He whispers bestial rites

Now your unholy deeds are done  
Return to your rotting Master  
Blood Monk your soul forever will burn  
In the flames of Sodom...Sodom  
Dancing in the ritual  
Spilling the lamb's blood  
Blood Monk you're not God  
You're God

Blood Monk  
Standing around fire  
Praying to your savior  
Trinkets desire  
Blood Monk come...

Blood Monk

[solo]

Come to the throne of blood  
Come to the throne of lies...
