

Goatlord "Sacrifice"

Visit "[Sacrifice](#)" on MotoLyrics.com

Lie on the altar
Black prince stands near
Smell the rotting stench
Feel the trembling fear

[chorus]
Sacrifice of virgins
Sacrifice of preachers
Sacrifice of children
Sacrifice of all

Unholy voice brought him here
To feast on holy flesh
Seven virgins open wide
Await their final breath

[repeat chorus]

Bible thrown into abyss
God exists no more
Staked to cross in glowing hell
Virgins crying, virgins weeping
There is no more religion

[repeat chorus]

Time has come for the rest of you
To join our rotting hell
All that remains of your soul
Is a putrid smell...

[repeat chorus]
