I stood by somebody else and then I stood by you  
I couldn't move my legs, I didn't know what to do  
I fail to find the words, I try hard to be cool  
I die to hear your voice, it's smoothly ringing in the  
room

I see you a surgeon in the looks, what could you  
possibly see in me?  
I lost the job I had, who picked me up when I'm more in  
doubt  
I'll let you cut me up, I know you hate to see me bleed  
Is it the color of my blood or me incomplete?

18, they had it out for us and we were always set for a  
fall  
You saved 1979, to me it was the end of the world  
Yeah, right, we're safe, we're cool  
I know you always wanted more  
Pick me, we're so clean, we'll wake up when the worst is  
over

Did I tell you I was premature? I'm not fit to follow rules  
I always fuck things up, I guess that makes life more  
interesting  
You think that I'm absurd, well certainly with you  
I am absolutely assured I am ill conceived

18, they had it out for us and we were always set for a  
fall  
You saved 1979, to me it was the end of the world  
Yeah, right, we're safe, we're cool  
I know you always wanted more  
Pick me, we're so clean, we'll wake up when the worst is  
over

There is always something wrong but I need to see it  
through  
I don't mean to be obsessed, I don't need to be  
amused  
I can't stand to be a stain that needs to be removed  
If I sacrificed myself then I'd know I never knew you

18, they had it out for us and we were always set for a  
fall  
You saved 1979, to me it was the end of the world  
Yeah, right, we're safe, we're cool  
And we were always set for a fall, always set for a fall

18, they had it out for us, 18, they had it out for us  
I know you always wanted more  
Pick me, we're so clean, we'll wake up when the worst is  
over  
Take me, steering wheel, to the cliff now we're going  
over  
Kiss me, kiss and bleed, we'll wake up now, the worst is  
over
