Come over, come and turn me on
I'll come and I'll compliment you
And let you dig in to your soul
I'll never, never forget you
Come out from hiding
Come back to haunt me
I'll let you put me down
I'm always picking you apart
I'm leaving scratches of my heart
I look for someone else to blame
I'm always choking up names
Forever waiting
I'm suffocating
Your slipping drag me down
You stuck like sliver in me
Oh yeah you're night here for a tea
I fall down deliver and bleed
and just you're
missing your attempt on
I'm caught up and you begin to bleed
Oh yeah you're attached to me
I want you embitter me sweet oh
you have the treasure in my pain

I tried to get inside your head
whatever gets me through the day
I'm always feeling disconnect
I'm over running away
I know I don't deserve a thing
I ask and you confuse me

And soon or later
You're taking too far
Your slipping drag me down
It's so familiar

You stuck like a sliver in me
Oh yeah you're night here for a tea
I fall down deliver and bleed
and just you're
missing your attempt on
I'm caught up and you begin to bleed

Oh yeah you're attached to me
I want you embitter me sweet oh
you have the treasure in my pain

Ooh ooh ooh ooh (x2)

You stuck like a sliver in me
Oh yeah you're night here for a tea
I fall down deliver and bleed
and just you're missing your attempt on
I'm caught up and you begin to bleed
Oh yeah you say I'm not listening

I want you embitter me sweet oh
you have the treasure in my pain (x3)
