I know they've got to lock you up
but that's no fair to me
you're all I want to see
at least you left a permanent mark
A stained society is still a shock to you and me

You could do no wrong
You disarm me with your criminal charm

Your stabs are moving
beautiful mind
I take you down the Reno
guilt in a casino
the day leaves just to
leave a shot
the burning as for me but
never appeal to me and you

You could do no wrong
You disarm me with your criminal charm

Guilt for you
Anything that you want
Bleed for you
Anything that you want

("Gang vocals")

Why does everybody have
to stop and look
at the accident victim
bleeding on the ground?
It's the murder scene reward
I guess that's enough blood
and the television we watch
this love to see somebody lose
You could do no wrong
You disarm me with your murderous charm

Guilt for you
Anything that you want
Bleed for you

anything that you want (x2)

I raised you
and wrote you on
Forfeit you
sick and stew on
forget you
I don't get my
You're a victim
You're a victim

I don't know how I get caught up
I felt you, chooses me, and nothing else will do

Guilt for you
Anything that you want
Bleed for you
Anything that you want
Guilt for you
Anything that you want
Aim for you
Anything that you want
Aim for you, aim for you
So
